

Test Manager/Project Leader (f/m) - Zurich, Switzerland

Our mission is to raise the bar when it comes to software testing and meet and exceed the expectations of our customers and partners. We are growing and looking to expand our team to better service our enterprise and financial services customers. We offer a super work climate with excellent benefits.

Your Tasks

- Consulting for Swiss and international clients in Banking and/or insurance industry
- Cooperation with teams in Austria, Serbia and Switzerland
- Conceptual and strategic planning and management of whole testing process
- Integration of the SWAT team into the Client's environment
- Managing all the relevant documentation according to both Sixsentix as well as Client Company's procedures
- Tracing and overviewing Project Risks and issues which arise from testing at all phases of the project.
- Making sure that the project is finished within the predefined scope, time, quality and budget

Our Requirements

- Several years of experience as Test Manager or Project Leader
- Abstract and analytic way of thinking
- Banking and Insurance know-how in testing is a must
- Willingness to travel within Switzerland and if needed also for international projects
- Strong project management skills
- Strong communications skills on all hierarchy levels
- Development background
- Fluent in German is a must, English, French and/or Serbian are a plus
- Master degree in IT or Economics
- Very experienced MS Office user

What we Offer

- Competitive salary
- Excellent benefits
- Professional work environment
- Personal & professional development
- Challenging projects
- Innovative culture
- Work with the latest tools and technology
- High IT infrastructure standards
- A flexible and open working atmosphere
- Recognition and opportunity for advancement
- Working on projects for leading enterprises and financial services customers

We look forward to receiving your electronic application (CV, reference letters etc.) by email to careers.ch@sixsentix.com. Direct applications are preferred. Find more information about Sixsentix on www.sixsentix.com
