

Project Leader/Test Manager - Zurich, Switzerland

Our mission is to raise the bar when it comes to software testing and meet and exceed the expectations of our customers and partners. We are growing and looking to expand our team to better service our enterprise and financial services customers. We offer a super work climate with excellent benefits.

Sixsentix announces an open position for Project Leader/ Test Manager of the [Software Agile Testing \(SWAT\) Team](#) for the purpose of a new project for a well-known Swiss client.

Project Leader/Test Manager (F/M), full-time

The primary challenge of a Project Leader / Test Manager includes the traditional leadership tasks of effectively leading the SWAT team, but also of full integration of the team into the environment of the Client Company, i.e. managing the testing process and documentation of the Client Company according to their rules and procedures.

Your Tasks

- Conceptual and strategic planning and management of the whole testing process
- Project coordination with our Clients on site
- Integration of the SWAT team into the Client Company's environment
- Leading the SWAT team: planning and organizing SWAT resources towards predefined goals, motivating and controlling SWAT resources
- Managing all the relevant documentation according to both Sixsentix as well as Client Company's procedures
- Tracing and overviewing Project Risks and issues which arise from testing at all phases of the project
- Making sure that the project is finished within the predefined scope, time, quality and budget

Our Requirements

- Several years of experience as Software Test Manager or Project Leader
- Academic degree (IT Engineer) or comparable job experience
- Abstract and analytic way of thinking
- Willingness to travel
- TOSCA knowledge is an advantage
- Strong project management skills
- Strong communication skills on all hierarchy levels
- Development background
- Fluent German and English skills (oral and written)
- Very experienced MS Office user

What we Offer

- Competitive salary
- Excellent benefits
- Professional work environment
- Personal & professional development
- Challenging projects
- Innovative culture
- Work with the latest tools and technology
- High IT infrastructure standards
- A flexible and open working atmosphere
- Recognition and opportunity for advancement
- Working on projects for leading enterprises and financial services customers

We look forward to receiving your electronic application (CV, reference letters etc.) by email to careers.ch@sixsentix.com
