

Test Execution Expert - Zurich, Switzerland

Our mission is to raise the bar when it comes to software testing and meet and exceed the expectations of our customers and partners. We are growing and looking to expand our team to better service our enterprise and financial services customers. We offer a super work climate with excellent benefits.

Sixsentix announces an open position for Test Execution Expert of the [Software Agile Testing \(SWAT\) Team](#) for the purpose of a new project for a well-known Swiss client.

Test Execution Expert (F/M), full-time

The Test Execution Expert cooperates closely with the Test Automation Expert. His daily tasks consist of manual test execution, test automation, analysis and interpretation of the test results from the automated test executions, transfer of the found errors into the defect tracking tool, retest of found and fixed errors. He does not possess any information about the tested product. The details about the tested product are located only in the test specification, i.e. test sequence, consisting of test steps, and in the test data.

Your Tasks

- Test case specification
- Manual test execution
- Central result documentation of the executed test cases
- Test automation
- Analysis and interpretation of the test results from the automated test executions
- Transfer of the found errors into the defect tracking tool
- Retest of found and fixed errors
- Project artefacts: test cases, modules created in a logical structure, TCSHELL scripts (e.g. backup scripts), execution reports

Our Requirements

- Academic degree (IT Engineer) or comparable job experience
- Comprehensive functional knowledge in software quality assurance – technical programming skills are not required
- Sound knowledge of test specification and automation
- Sound knowledge of TOSCA TestsuiteTM
- Fluent German and English skills (oral and written)
- Very experienced MS Office user

What we Offer

- Competitive salary
- Excellent benefits
- Professional work environment
- Personal & professional development
- Challenging projects
- Innovative culture
- Work with the latest tools and technology
- High IT infrastructure standards
- A flexible and open working atmosphere
- Recognition and opportunity for advancement
- Working on projects for leading enterprises and financial services customers

We look forward to receiving your electronic application (CV, reference letters etc.) by email to careers.ch@sixsentix.com
